

# Ace Math

Math can be **EASY** if you learn to look at a problem in multiple ways

Math can be **FUN** if you see the patterns and relationships in real world problems

Math can make you **CONFIDENT** to tackle harder problems if you master the fundamentals

## About Me

**Contact Me At**  
[rishi\\_tutor@outlook.com](mailto:rishi_tutor@outlook.com)

My name is Rishi K. and I am a 12-year-old who loves Math! I can teach Pre-Algebra, Algebra I, Algebra II, Geometry, and Pre-Calculus. I have straight As in these classes and have won several awards in math competitions including CalcuSolve, MathCON, Pittsburgh MetroMath, & PAML. I am patient, organized and diligent and love to teach.
